Hello P. Kende and all my beloved MBSZE Brethren

Let me Just mark some blessed moments in the last year 2013, So much has happened, such a joy to look back at awe and see the faithfulness of God and His work of grace in us here in Turkey. on the head of all IBI (Istanbul Bible Institute) where Students from Russia, Central Asia, The Middle East and Locals come to Istanbul for a full month Bible study (4 times a year), full time study mornings till late evenings, fellowship and prayer so sweet to see lives change by a deeper understanding of the grace and the FW. the testimonies of students were awesome, one of the Lebanese Students Bilal came last Semester to our IBI Semester-(one month intensive study) and the reason why he has chosen to come to our Bible institute, was the transformed life he noticed on Yaser his friend who first came for 2 Semesters last year to our Istanbul Bible Institute so Bilal was encouraged to come because of his friend. Thank God for the heritiage we've got, Biblical teaching based on grace and the F.W, and the fruits that brings - freedom in fellowship and in thinking with God !

Bilal said : "this is what i need, here I am not under the bondge to prefom Christian deeds but enjoy Christ's life together, here i can ask questions freely, i sense your respect and love to me, though we have just gotten know one aother".

Please pray for Bilal as he is planing to come for the next Semester and hopefully to the Eurocon following it.

This is our main purpose not only to train students on a Christan ministry but also how to think with God based on grace and the Biblical values foundations

I feel so priviledged taking part as a student's Advisor and the translator of all the classes to Arabic , it's not an easy task (5classes a day) but God helps and gives grace, renews strenth day by day.

Our team is the BEST, we work together with one heart and we pray more, and i am so privileged to be a member of this great team(not in numbers but in members:))

I am learning how to communicate with the locals and to build frienships, how to fill the time wisely every day , having a sense of awarness for the value of time, oppertunities and souls.

Sometimes just saying "I am a Christian" with a smile :)) is a great testimony in this dark world.

We are working on singing Turkish songs.

I live at a Church house with 9 more Arab guys, held by koraian Church. it's so crowded and cheap place, please pray for me to have petiance and ministry there!

Fainally I want to Thank you for standing by us.

Please pray for
blessed Church services/ Divine appointments with people
For the coming Bible Scool Semester, Basheer from Yemen, and for P.Bill Greer
also to be able to come .
For 10 Turkish students.
for my 1 year residence permit (money and needed decumments for
that)/ to be done soon so I be able to attend the E14
